Roelcots Flock introduction

Welcome to the Roelcots dispersal sale. It is with great sadness that John and Anne Palfrey are parting with their beloved flock, but also a time to reflect on all that we have achieved with the breed. We are proud to showcase our flock today, which we feel is a result of the hard work and dedication over the years.

John and Anne founded the flock some 30 years ago whilst residing at Newtown Farm, Roel in Guiting Power – hence the 'Roelcots'. prefix The foundation stock originally came from the likes of the Harford, Kespar & Westcote flocks.

We first met in 2015 when John & Anne became my neighbours. This is when our partnership in the sheep began. Over the years we have not only built up a great working relationship but also a great friendship and I hope this will continue after the sheep are sold.

A trip to the society sale, then held at Cirencester in 2018, would turn out to be a momentous day for the future of the flock. The result was the purchase of Queenford Pete, who had a huge significance on the success we have experienced. You will see his influence throughout the flock.

Some of our proudest achievements within the breed have been; winning the small flock competition on three consecutive occasions, providing foundation stock to establish new flocks across the UK and exporting genetics to America.

Over the past 10 years, I have been focused on producing a 'Roelcots type' - a correct, stylish sheep with strong breed characteristics whilst improving wool quality. I hope the sheep on offer reflect this.

We wish you happy, successful bidding and hope that the stock forward for sale will go on and produce for you as they have done for us: not just quality progeny but also whilst making happy memories. I am sure you will all join me in wishing John and Anne the very best in their retirement.

On the Friday evening (7th August), we will be holding a social at the market and would like to invite you all to join us for a pork roll and a drink to raise a glass to the end of an era for Roelcots. We wish all purchasers the very best.

Flock health status:

- Heptavac P Plus system
- Blue tongue vaccinated
- Wormed up to date
- Vitamin drenched regularly
